RESOLUTIONS.

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave aid and comfort in the rebellion. That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disapproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adversities may be held or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is Union and Liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representative if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

P. W. THOMAS,
Chairman Committee on Resolutions.

The late District and Township Conventions nominated a ticket every way worthy the cordial and hearty support of the property holders and residents of the District. The nominees, from Supervisor to Road Commissioner are men in every way capable of discharging the duties of the offices for which they are aspirants. Our space this issue will not allow us an extended notice of the several nominees, but we can indorse them as persons who, if elected, will discharge their various duties with promptness and impartiality.

Notice.—Read the resolutions passed at the recent Union District Convention. They express all intended and urge the necessity of Union men voting the Union ticket; this is as it should be. Union men can not support their party nominations by giving implied support to our enemies. The sooner such announce their determination to join the Democracy, the better. An open enemy is preferable to a secret sympathizer with the foe.

THE REGISTRY LAW. The Democracy of California have outwitted themselves. With a fair prospect of success for some of its candidates—caused by disaffection in the ranks of Union men—they have blindly erected a platform, to stand on which, is, and ought to be certain death. Professing devoted loyalty to the Government of the United States in one resolution, and resolving in a second its destruction and disgrace, Democracy being the cause of the late struggle, it is necessary that its peculiar ductile genius be invoked to settle the National affairs in an equitable manner. It can only be done through that dignified and patriotic loving party and one of the first steps is in the repeal of the Registry Law. A fair expression at the polls is un-democratic, it renders the political atmosphere too pure, and Democracy needs vitiated air. A law of that character was loudly called for and imperatively demanded by the people of this State. It was the theme of every respectable newspaper in the land, and in many instances nominees for Legislative honors were pledged to its support. The motive prompting it was commendable—the maintenance of good order at the polls—the preservation and security of the elective franchise. If those opposed to so wise a statute would but reflect a moment, would not suffer their judgment to be perverted by prejudice, their reason to be blinded by an intemperate party zeal, they would not fail to discover that the intention and very spirit of the Registry Law enables every citizen to understand his rights, that it prepares him to discharge with integrity and ability the solemn duties which, as a good citizen, he owes his country. What is there against it? It plainly says, no person shall vote or have a voice in the councils of the American people unless he can prove his right to the same. Will Democracy, whose pretended boast it has ever been that the elective franchise must be pure and inviolate, gainsay the justice of this law, or is it fearful that its majorities are only to be gained by fraudulent and corrupt voting? The purity of the elector is the only safeguard of our Government. We look upon this system of registration as the wisest measure of the last Legislature, impartial in its workings, protecting with equal justice the man of property and the friend of peace and good order.

MORE CEMENT MILLS.—Several parties are turning their attention to mills for crushing cement. The tests by mortar pounding, whenever tried, have furnished most satisfactory results. We were present at the claim of the Baker Brothers, located contiguous to the cement mill of the King Brothers, when several tests were made from cement taken from different points. In all cases the prospect was sufficient to warrant a large return per ton, and in some cases from three or four pounds of cement as high as from thirty to sixty cents were obtained of coarse gold. This claim has a well designed and well constructed bed-rock tunnel run well into a large body of cement; but owing to its hardness the owners have been compelled to work the ledge or bed-rock for the gold deposited upon and within its fissures, leaving the cement almost entirely untouched. Comparatively but little work has been done; the great body of the claim remaining untouched. A sufficient opening however has been made to facilitate immediate operations in crushing, and the parties we understand design to erect a mill with as little delay as possible.

TOWNSHIP CONVENTION.—The Delegates to the Union Township Convention No. 4, met at Gold Run, July 1st immediately after the adjournment of the District Convention and organized by electing N. W. Blanchard Chairman, and E. B. Boust Secretary. It was ordered that the report of the Committee of the District Convention on Credentials be adopted. The Convention then proceeded to the nomination of Township officers: N. R. D. Traphagen, C. J. Brown and J. M. Fulweiler were put in nomination; Dr. Traphagen was declared unanimously nominated for the lower end of the Township. A ballot was then had for the upper portion of the Township; fourteen votes were cast for J. M. Fulweiler, and fifteen for C. J. Brown; whereupon C. J. Brown was declared unanimously nominated. For Constables, W. S. Cooke, J. F. Greely and J. Keck were placed in nomination. The latter was unanimously nominated. For Road Commissioner, C. S. Clark and J. G. Ashley were balloted for, resulting in 12 votes for Ashley and 17 for Clark, whereupon the latter was made the unanimous nominee. The several successful Candidates acknowledged the favor in becoming terms and pledged themselves unreservedly to the support of the ticket.

FRUIT IN THE MOUNTAINS.—Fruit ripens much later at this altitude than in the valleys. The Strawberry season is pretty well over; also the season for cherries. The red raspberry is just coming on, also green peas. Peaches, apples, and indeed all kinds of fruit are in great abundance.

Mr. J. W. Ricks will deliver a temperance lecture in this place at the Union Church, on Monday evening, July 8th.

DISTRICT CONVENTION.—The delegates to District Union Convention No. 2, composed of Townships Nos. 3, 4 and 11, met at Gold Run, July 1st, at 11 o'clock A. M. It was called to order by E. Aubury Esq., Chairman of the District Committee, and temporarily organized by the election of J. W. Fulweiler, Chairman, and W. Sexton, Secretary. J. R. Crandall, of Auburn, J. Keck, of Colfax, and C. M. Kopp of Dutch Flat were appointed a committee on permanent organization and order of business. The delegations from the respective precincts appointed one of their number to constitute a committee on credentials. The Convention on then adjourned to 1 o'clock P. M. On the re-assembling of the Convention the Committee reported Wm. Sexton and N. W. Blanchard Secretary. On order of business a majority and minority report, the former making the nomination of Collector first in order; the latter that of Assessor. The question being submitted to the Convention the nomination of Assessor was made first in order. The following resolutions were read and unanimously adopted:

RESOLVED, That in the present condition of the National affairs we hold it to be the duty of every loyal and true Union man to give his support to the nominees of the Union party, and to risk, by all honorable means in his power, to secure their election and to maintain and support the Union party in its contest for the control of public affairs of both State and Nation.

RESOLVED, That we in dorse the nominees of the Union party for State, Congressional and County offices, and hereby pledge our earnest support and hearty co-operation in all honorable ways and by all honorable means to secure the election of each and every candidate upon the Union Ticket.

The report of the Committee on Credentials being read and approved the Convention proceeded to ballot for Assessor. John C. Boggs and James Ward were placed in nomination. The result on ballot was, for Ward, 13, and Boggs 34 votes. The latter was declared the unanimous nominee of the Convention. For Collector, J. T. Mathewson, M. Calderwood, James Holmes and A. Plank were placed in nomination. First ballot: Mathewson, 11; Calderwood, 17; Plank, 12; Holmes, 7; upon the second ballot, which resulted similarly, A. Plank withdrew his name. Six successive ballots were then had with but slight varying results, Mathewson receiving 14, Calderwood 21, Plank 12, necessary to a choice. 24. Upon the ninth ballot J. T. Mathewson withdrew his name from the Convention. The next ballot resulted, for Calderwood, 35 votes, Plank, 14. The former was then declared the unanimous nominee amidst vociferous applause. The nomination of Supervisor being next in order, Wm. Duck and J. B. Starbuck were placed in nomination. The result was, for Duck, 29 votes, for Starbuck 18. The former was then declared the unanimous nominee. The next and only remaining business before the Convention, the appointment of a District Committee, was completed by the choice of Mack Webber, E. B. Boust and E. Tracy.

ALL SETTLED.—We announce with considerable pleasure that the misunderstanding that threatened at one time to seriously interfere with the proper observance of the Fourth has been amicably and satisfactorily settled, and the military will, as usual, conspicuously figure in the celebration of the National Anniversary.

Perry Davis' Vegetable Pain Killer. After a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold Cough, Hoarseness, Cholera, Dysentery, and other affections of the system, has been truly wonderful and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sore Throat, Sprains, Cuts, Stings of Insects, and other causes of suffering, has secured for it such a host of admirers, as to make it an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

SEMI-WEEKLY ENQUIRER.

DUTCH FLAT POPULAR.—During the balloting for Collector in the District Convention on Monday last, after the roll had been called nine times, one enthusiastic Dutch Flatlander who had been casting this precinct vote for his favorite, when the precinct was again called arose to his feet, and straightened himself to his extreme height, five feet six, and announced the vote of his precinct in a clear, commanding voice: "Nine votes for Dutch Flat!" It is unnecessary to say that he succeeded in bringing down the house.

FOUND AT LAST.—We have every reason to congratulate our people upon the opening of another Boot and Shoe store in our town. Mr. Mason, who served two or three years with the California volunteers, has just opened a store in the building formerly occupied by Franklin & Co., where, he says, will always be found a good assortment of boots and shoes for gentlemen, ladies and children. Those who know Joe are aware that when he says a thing he means it, anybody who may entertain a doubt can satisfy themselves by a personal examination. He pledges himself to sell good articles cheap, too.

EVERYBODY NOTICE.—The great New York Circus and animal show will be here on Monday next. Alexander, the agent for all the good shows says that this is a first rate one, and that the tricks of the trained buffalo would alone be worth the money. This buffalo feature is represented as a very rough one, and is certainly a new one on this coast. The performers are said to be first rate.

CORRECTION.—We mentioned in our last the circumstance of the head Sawyer at a mill above this place getting his foot injured, since which we have received a note from the head Sawyer correcting the same. It appears that the man injured occupies the post of "setter" in the mill, and is named A. Weldon. Mr. Bush, the head Sawyer, was not injured, for which we are glad, and we are sorry that Mr. Weldon was.

ACCIDENT.—On Monday last at Alta, a hand-car ran over a pig on the track, killing it immediately, which threw it off the track on the back of a man named Charles Sturmer, dislocating his backbone and striking a man named Finnegan, severely bruising his foot. Dr. Nelson attended the injured men and rendered them necessary assistance.

STAGE ACCIDENT.—As the stages were leaving the depot on Monday evening last, one of them on striking the road from the depot upset, bruising several of the passengers, but we believe resulting in nothing serious. The escape of those on the inside was fortunate indeed, and we are glad that we are not called upon to chronicle anything more severe than a black eye or two. A little more caution next time, Georgy.

ORGANIZING.—We learn that the Union men of this precinct intend meeting on Saturday evening next to form a Club. Those desirous of participating are requested to meet at the theater at 8 o'clock for the above purpose.

MEADOW LAKE ITEMS.—We gather the following items from the Meadow Lake Sun of the 29th ultimo. We learn that Messrs. J. J. Roberts & Co., will put on their line of stages from Cisco to Meadow Lake the last of the present week.

"The California Mill is being refitted preparatory to making a run on some fifty or more tons of rock from the Green Emigrant's claim. They expect to commence crushing on Monday next, but possibly they may not get ready before Wednesday. The ore which they will crush is what is known as the decomposed sulphurets rock and is apparently very rich in free gold. We understand that as soon as they have finished this contract for crushing they will commence upon rock from their own mine.

The Green Emigrants are now taking out some exceedingly rich ore. They have sunk to a depth of thirteen feet on their ledge, at which point it is over eight feet wide and very rich in free gold. Unlike other claims in this vicinity the ore seems to be completely desulphurized. The practical test which they are about to give it we think will fully establish its reputation as a rich and valuable gold mine.

The Excelsior Company are now running two batteries, eight stamps of their mill. They have thoroughly overhauled and changed most of the amalgamating sulphurets saving portions of the machinery. This we understand, will be an experimental run, the object being to test the capabilities of their Machinery. We hope it may prove a success.

We learned by rumor that an important sale, consisting of a leading interest in the U. S. Grant mine. The purchasers are L. A. Booth, and I. L. Riqua. We are not prepared to give any particulars.

The late run of the Golden Eagle company's mill give a return of a fraction over twenty dollars per ton in free gold, the sulphurets have not yet been worked but when reduced will increase the yield to about thirty-five dollars.

It has been constantly reported on our streets for a day or two past that an exceedingly rich chimney has been struck in the Gold Run mine. We have as yet been unable to trace it to any reliable source, yet hope that such is the case.

The Masonic Ball on Monday night last, was quite well attended. Everybody had a good time whilst there, and went home satisfied.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of **PLANTATION BITTERS** Will cure Nervous Headache.

Cold Extremities and Feverish Lips, Sour Stomach and Fetid Breath, Flatulency and Indigestion, Nervous Affections, Excessive Fatigue and Short Breath, Pain over the Eyes, Mental Dependence, Prostration; Great Weakness, Sallow Complexion, Weak Bowels, &c., which are evidences of **Liver Complaint and Dyspepsia.**

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life. The report that it relies upon mineral substances for its active properties are wholly false. The original quality and high standing of these goods will be maintained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the hair cool and clean. It makes the hair rich, soft and glossy. It prevents the hair turning gray and falling off. It restores the hair upon prematurely bald heads. This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it. **E. THOMAS LYON, Chemist, N. Y.**

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment. It cures sprains, bruises, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment. For spavined horses, the poll evil, ringbone andweeney, the Mexican Mustang Liniment never fails. For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless (spavin), but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists at 25, 50 cents, and \$1.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the system so frequently accompanied by that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

SEMI-WEEKLY ENQUIRER.

INGENIOUS ATTEMPT TO ESCAPE FROM PRISON.—A correspondent at Sing Sing, New York, writes as follows of one of the prisoners formerly in the State Prison:

"One of the most ingenious men I ever met I found here, named James Dunn, a medium-sized, middle-aged, dark complexioned man. He was here for the third time, and was kept under strict surveillance than some others, in consequence of repeated attempts and contrivances to escape, the most ingenious of which was this: About three months after his second commitment, having secured a quantity of gutta percha from the contractor's agent, he made a water-tight coat, with a hood, of head-dress attached to it. In the front part of the hood he securely fixed a small pane of thick glass. From each side of the gutta percha horns were extended upward to the length of 10 or 15 feet. At the further end of each tube was fixed a hollow 'decoy duck.' With this equipage he stole away to the edge of the river. Here he put a stone in each pocket for ballast, donned his gutta percha rig, made it tight around his waist and wrists, and taking up his ducks, he waded in a crouching posture out some 20 feet when he let them go. On he traveled with the water from two to four feet above his head breathing meanwhile through his ducks, which were floating along about eight feet in his rear. The guards saw the ducks and would have shot them had they not been on duty. With some inconvenience he reached the upper dock, where a friend met him, furnished him with citizen's clothes, a few dollars in money, and otherwise hastened his retreat; not, however, so but that he was soon overhauled and returned to his old quarters. He was here this last time on a ten years' commitment, was transferred, with a company of 50, not long ago, to Clinton Prison.

A GOOD THING.—In Richmond, recently, says the *Examiner*, there was a concert and tableaux for the benefit of the poor. The tableaux, among other things, presented Enoch Arden as he came back from his voyage, looking sadly in the window of his old home to find that his wife had married and was doing something in the Arden business for that other man. While all was still, the large audience silent as the grave, the one who represented Enoch turned his face to the crowd and slowly asked, "Whose pin here says I'm pin gone?" The *Examiner* says the effect was electrical beyond power of description, and the storm of applause which followed the "hit," would have made "Brick" Pomroy happy for a month, and even forced a laugh out of "Killbuckler Snick-snacker" himself.

CALIFORNIA MILLS.—A late Boston paper has the following:

It was not many years ago that mining machinery from "the States" was one of the largest items of expenditure; now we are sending out to California foundries for California mills, and not only the mineral States west of the Rocky Mountains, but Eastern and Southern mines are beginning to use Pacific machinery.

It is said that an old colored preacher and school teacher of Columbus, Miss., was asked recently what party he now belonged to, and replied: "Don't b'long to no party, sah; loves all good people jes' alike, and prays for 'em all." "Then," said the enquirer, "you are a philanthropist?" "No, sah, I isn't dat, dat I am; I use a Baptist, sah, a Baptist."

NOTICE the advertisement of the Union Hotel, Nevada city, in to-day's paper. This is one of the best kept houses in the State and all who stop at it may rely upon receiving the best treatment as well as the finest accommodations.

WHICH IS THE WORST?—For a man who is not a member of the Union Party to vote at a Union Primary Election, or another of the same sort, who happens to write for a newspaper, to try with all his might to break up the party?

FRAUD.—The *Bulletin* is still harping upon its favorite theme, fraud, nobody understands the subject better. We know no viler fraud than undertaking to palm itself off as a Union paper.

YOU WON'T STARVE.—The *Call* is astounded at the bushels of dirt the *Alta* is eating, and is fearful for its own maw.

ALL OR NONE.—If one candidate on the Union State ticket was put there by fraud, then all were. The very same votes unanimously nominated each and every one of them.

CONSTABLE'S SALE.

BY virtue of an execution to me directed and returned on the 22d day of June, A. D. 1887, issued out of the Justice Court of N. R. D. Trahan, a Justice of the Peace in and for Township No. 4, Placer county, State of California, on a judgment rendered in said court on the 22d day of June, A. D. 1887, in favor of Bernard Murphy and against John Cummings, for the sum of twelve hundred and thirty dollars (\$1230.00), and for costs of suit of sixteen and 50/100 dollars (\$16.50), I have this day levied upon and will expose to public sale, to the highest bidder for cash, in front of the Good People's Hall in the town of Colfax, on

Monday, the 15th day of July, 1887, at the hour of 2 o'clock P. M., all the right, title, interest and claim which the said John Cummings had on the 22d day of June, A. Queen, on the north by the right of way street, and on the south by an alley. PRIVATE MEDICAL INSTITUTE.

Established by

DR. J. C. YOUNG, IN 1850,

For the cure of all Private Diseases and

ALL FEMALE COMPLAINTS.

"CONSULTING OFFICE."

536 WASHINGTON STREET.

SAN FRANCISCO, CALIFORNIA

NO CURE, NO PAY.

Consultation by letter, or otherwise, FREE. For direction of letters, see below.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the most renowned hospitals of the age. What the celebrated Lock Hospital in London and the nurses' renovated establishment of Adelaide in France, this Institute has become to the Pacific Coast. The thousands annually received and cured place it in point of numbers of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES AND IRREGULARITIES IN FEMALES are the great destroyers of health. They either attack the system, and gradually undermine and destroy it; they drive the blood from the cheek, the lustre from the eye, the strength from the frame; they give to the world pale, diseased offspring, and poison, through successive generations, the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiote, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, donates its dangers. Those who are treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will battle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician who has long practiced and thoroughly investigated into the causes of DISEASES OF THE URINARY ORGANS, enables to determine at once the nature of the disease.

In all cases entrusted to his care, PERFECT, SPEEDY AND PERMANENT.

Cures are Always Guaranteed.

In syphilis and its adjuncts: Gonorrhea, and its diseases, any kind of disease, and all diseases of the Bladder, Kidneys, prostate; Seminal Weakness, Diseases of the Heart and Lungs; Dyspepsia; Indigestion; Impotency; Incipient consumption, and all diseases of the urinary organs, and all diseases always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhoea.

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion, loss of vitality, and the powers of the mind, distant for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and restless nights, and all the signs of growing disease, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness or Spermatorrhoea. He destroys his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and painful end. To him who doubts the reality of this disease, the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of his appearance brings no assurance of relief, and the sufferer, who looks to him for much of his happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder, and hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. The sufferer, who is the victim of solitary vice, that dreadful, fascinating and destructive habit, which kills thousands of sick rooms with paralytics and consumptives, and hundreds of families graves with its misdeeds, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor will especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquirer should be, Where is there a physician who is so competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, has called upon to his office, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and has followed his profession in a superior manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will sympathize with their sufferings, and befriend them in trouble—one in whose secret the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The complete and accurate testimony of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Remedies. Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State. The GREAT FEMALE MEDICINE, PREVENTIVE POWERS, is a most valuable and safe remedy, and is sold, lasting from four to six months. Price, \$1.00. QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Sacramento Street, below Montgomery, opposite the

Pacific Mail Steamship Company's Office. Private

entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and

scientific medical aid in the treatment and cure of

all Private and Chronic Diseases, cases of Sec-

recy and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would have this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genital organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrible consequences of self-abuse, Gonorrhea, Gleet, Stricture, Nocturnal and Diurnal emissions, Sexual Discharge, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will convince him of the value of his services.

By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit success.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their indebtedness to his services. Their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demands their publicity, and we give them now to the world, to show to the praise of a Physician, of whom hundreds of like cases can be cited during a practice of twenty years. If I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessary to me, I came to see a large number of them. I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are a skillful Doctor. I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is restored. If I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I am, Doctor, very truly yours,

San Francisco, June 16, 1884.

San Francisco, June 16, 1884.

I wish to say now that you are a skillful Doctor. I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is restored. If I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I am, Doctor, very truly yours,
